RE: Changes in available ECOtec engine components

GM Racing is streamlining its parts catalog, resulting in the discontinuation of slow-selling items. As a result, many of the items described in the GM Sport Compact Performance Build Book are no longer available from GM Racing.

The following parts ARE available for order from the parts department at your local GM dealer or from select on-line sources such as [www.crateenginedepot.com](http://www.crateenginedepot.com). Parts marked with an '\*' are in limited quantity and will be discontinued when they are sold-out.

Part Number	Description
17801947	STAGE 1 KIT, 2005-2006 Saturn Ion Redline and Chevy Cobalt SS. Includes higher-flow fuel injectors and an ECU calibration. Requires premium fuel.
17803229	STAGE 2 KIT, 2005-2006 Saturn Ion Redline and Chevy Cobalt SS. Includes higher-flow fuel injectors, an ECU calibration, a smaller supercharger pulley, and drive belt. Requires premium fuel.
17803230	STAGE 1 TO STAGE 2 UPGRADE KIT, 2005-2006 Saturn Ion Redline and Chevy Cobalt SS. Includes a smaller supercharger pulley, drive belt, and ECU calibration. For cars equipped with Stage 1 only. Requires premium fuel.
88958715	STAGE 3 KIT, 2004 Saturn Ion Redline. Includes powertrain control module, 76mm supercharger pulley, and two-pass intercooler endplate.
88958716	STAGE 3 KIT, 2005 Saturn Ion Redline. Includes powertrain control module, 76mm supercharger pulley, and two-pass intercooler endplate. Requires Stage 2.
88958717	STAGE 3 KIT, 2006-2007 Saturn Ion Redline. Includes powertrain control module, 76mm supercharger pulley, and two-pass intercooler endplate. Requires Stage 2.
88958718	STAGE 3 KIT, 2005 Chevy Cobalt SS. Includes powertrain control module, 76mm supercharger pulley, and two-pass intercooler endplate. Requires Stage 2.
88958719	STAGE 3 KIT, 2006-2007 Chevy Cobalt SS. Includes powertrain control module, 76mm supercharger pulley, and two-pass intercooler endplate. Requires Stage 2.

<b>Part Number</b>	<b>Description</b>
88958720	SUPERCHARGER PULLEY, 76MM
88958721	TWO-PASS INTERCOOLER ENDPLATE.
88958611	*CAM BLANK, INTAKE, 2003-2006 2.2L L61 ECOTEC
88958612	*CAM BLANK, EXHAUST, 2003-2008 2.2L L61 ECOTEC
88958613	ADJUSTABLE CAM GEAR SET, 2.2L L61 OR 2.0L SUPERCHARGED LSJ ECOTEC
88958614	*COPPER HEAD GASKET/O-RING KIT. 3.400" BORE ECOTEC RACE ENGINE (not production-replacement)
88958615	NEUTRAL BALANCE SHAFT SET, ECOTEC
88958619	*CYLINDER HEAD, HIGH PERFORMANCE CNC-PORTED, 2003-2006 2.2L L61 ECOTEC (assembled with production valve train)
88958632	FLANGE, EXHUAUST HEADER, ECOTEC
88958633	FLANGE, INTAKE MANIFOLD, ECOTEC
88958686	BOOK, ECOTEC 2.0L LSJ POWER
88958728	BOOK, GM SPORT COMPACT PERFORMANCE (ECOTEC), THIRD ED.

Please visit [www.gmaccessorieszone.com](http://www.gmaccessorieszone.com) for a complete list of GM accessories available for current GM vehicles.

All other GM Racing parts described in the GM Sport Compact Build Book have been discontinued. However, several suppliers continue to offer parts for ECOTec engines. For a list of suppliers, see the Appendix of the GM Sport Compact Build Book (third edition). This book can be downloaded from [www.gmtunersource.com](http://www.gmtunersource.com) by clicking on 'Racer Tech' and then 'GM Sport Compact Performance Build Book'. Some highlighted suppliers are listed on the next page.

Note that parts from aftermarket supplies may have been designed for Off-Highway application only. The installation of such parts may impair your vehicle's emission control performance, be uncertified under current Motor Vehicle Safety Standards, and could adversely affect the warranty coverage of an on-street or highway vehicle. Contact the part supplier for more information.

Thank you,

GM Racing
